Dear Nance,

I wanted to thank you for being such a caring and efficient commercial realtor!

A few months ago I decided to expand my warehouse space. I contacted my friend Ilana from the Emory PowerCore Team for a referral to someone who could help me find the perfect location for a larger warehouse. I needed someone more responsive than my former realtor who kept on dropping the ball and failed to return any of my calls. Ilana connected us and you listened to what I needed, found several locations to tour and helped me close a win-win deal in record time during the holiday season. Your professional attitude and excellent negotiating skills were a Godsend to me!

I highly recommend anyone who is in need of commercial real estate help to use your expertise!

All the best,

Arow Taylor
