Tim Hilmo Sugarloaf Powercore Team

Endorsement Letter for: Robert Jackson with Centaurus Financial

Mr. Robert Jackson has helped my company to get a good retirement plan going. Mr. Robert came out to our air conditioning shop and explained to our company the how's and when's of retirement plans.

The Air Conditioning Doctors grilled Robert Jackson with many questions of where the money gets invested and how well it should grow. Robert explained to us in laymen terms how our money will grow and when it is best to start collecting on our investments.

Robert Jackson then helped sign the company up with a great retirement plan for everybody. We now get to really start getting ready for the later golden years with confidence.

Thanks for the help, Robert Jackson
