Dear John:

I've been through five real estate closings in the recent past; four of those were with you, and one was not, because I didn't get to choose.

I cannot overstate the value I experienced in having you at the table for the closing process.

I appreciate your straightforward explanations of the documents, and the easy way you dealt with wiring portions of the proceeds to multiple banks.

You value everyone's time at the table. When other closings take two to three hours to complete, with yours, we were done and on our way in an hour's time. I have never taken a seat in your reception area – you're always ready in the conference room when I arrive.

Thank you for making a detailed and document-heavy process painless, effective and accurate. It will continue to be my pleasure to recommend you to friends and colleagues who are buying, selling or refinancing houses.

Warmest regards,

Jill Pullen
