Dear Brandon,

I wanted to personally thank you for replacing the flooring in my rental property. I was already stressed because my tenants had decided not to buy and we had to get the property listed to sell ASAP. You were quick to respond and provided great guidance on what colors and flooring types would help us sell quickly. Your price was very reasonable as well. You and your team were very professional when dealing with our tenants and got the job done on time. Thanks to you our closing is scheduled for 9/29/20! I truly appreciate your hard work and professionalism.

Warm regards,

Doug
