Dear Len Nelms,

You remember when I came into your office for the first time? My head hung in shame upset with not educating myself better with my taxes! I was bent out of shape and fear had taken a hold of me. A REAL PIECE OF WORK I WAS! I remember the first thing I saw when I walked into your office. It was what made me choose to do business with you over the other 2 tax heads. The 10 commandments! It made me think of God right when I came into your office. It made me feel we already have something in common before we even shook hands. We both knew who are creator was and that we both choose his way over ours. Smiley face and a soft voice my wife was sold before we sat down! After explaining my situation, you told me it would be alright and I would get through this. I knew all of this but it felt good to hear it from another brother. 1-year later here we are still friends and still fighting the good fight. Even though were not completely through with my tax situation yet and my verdict is not exactly what I had in mind. I know I'm well taking care of and in good hands with my man Lenny! You shoot me straight and keep me straight and that's exactly what I need! Thanks for hanging in there with me Pal and fighting for me and my family. I'll recommend you to my own momma witch I did! (Take care of her) Tax issues? Well, need I say more, Len is the guy to call! Go Get'em Len!
