Endorsement Letter for Len Nelms

24 February 2014

This letter is to fully endorse Len Nelms of Leonard G. Nelms, CPA & Associates. I have taken my personal and business tax work to Len over the past year and have thoroughly enjoyed working with him. Len is relaxed in his demeanor which is refreshing for someone in such a detailed line of work. It is obvious that he enjoys teaching us as we go through growing our business and the changes that need to occur with growth. Len also shows us the various options and clearly explains the ramifications and opportunities with each.

We look forward to continued work with Len and I look for many more opportunities to refer him to our friends, family, and clients.

If you want someone to coach you through the options and process of personal or business taxes and to have the personality to coach you in a non stressful manor. Len is your guy. Thanks Len that I know I can ask any question and not feel like the answer is common knowledge.

Sincerely,
Creston Parker
