

To Anyone Who Has Ever Paid Taxes (or should):

There is nothing quite like owning your own business to get your heart pumping, your blood flowing and to provide you the opportunities you dream of and work for.

When my family and business relocated to Georgia we were very organized and had a plan for most every component of the move. We needed business partners that would free up our time to focus on what we do best. The one area that proved to be difficult is who to trust with our money and changing tax liabilities.

All business owners and individuals want virtually the same thing when it comes to this industry. We want accuracy. We want reliability. We want a good deal. And maybe even some new ideas.

This is even before we dream of additional important benefits of working with individuals and companies that possess qualities like kindness, flexibility and the often-overlooked trait of humility.

Each and every reason stated above is why Merchant Gladiator, LLC trusts Len Nelms, CPA and President of Fair Tax Solutions to handle our financial tax matters. Len takes himself lightly but his work seriously. I would recommend Fair Tax Solutions to any business owner that wants to face the facts and work with a proven, trusted professional.

Please feel free to reach out to me directly if I can ever offer any assistance in generating a valuable referral connection.

Do good and be well,

Jim Hilber
