

July 3, 2020

Dear Shawn,

I wanted to personally thank you for helping me with my rental property last month. I was already stressed because my tenants had decided not to buy and we had to get the property listed to sell ASAP. After having new floors installed, I realized that the toilet and pedestal sink in one of the bathrooms didn't fit correctly anymore and the toilet was leaking water! I called you and you were able to come out the same day and get everything fixed. I truly appreciate your expert work and professionalism. I would highly recommend you as my handyman of choice!

Warm regards,

Doug
