To Thank & Recommend Shawn Livingston:

For anyone needing excellent and reliable home repairs done efficiently, Shawn scores a "ten out of ten" on skill, timeliness and clean up. My situation was from (what some of us call) an over-zealous HOA who cited my low mailbox after some concrete people re-installed it when they fixed a sink hole. I'm staring at a \$25/day fine.

I called Shawn, got instructions on where I should put the mailbox and how high off the ground it should be and where to put the numbers...and "voila".....next time you drive away , it's there and looks great. Great to know this service still exists!!
