Dear Stacey,

I have been referring you to clients for over 3 years now. In addition, I have used you personally for a home loan. I cannot say enough good things both personally and professionally. You are a rock star that makes me look very good in my business as a Realtor and advisor to my clients.

In the past several years, I have referred clients to you when their lenders have told them and me that there was no way they would be able to get a loan to purchase their dream home. Most recently, I asked my client, Ben, to get a second opinion from you before making a final decision on his lender. He was purchasing a home in the US while living in Ireland and I know how unique situations can sometimes lead to difficulties for borrowers. Ben's lender had been recommended to him by his financial advisor. However, the logistics of being paid in Euros and purchasing a home in the US caused his lender to push him into a non-conventional loan product that he was not interested in. The lender told him there was no other choice.

You were able to step in and provide him with exactly the product he wanted. There were no surprises and the process went smoothly with a clear to close for my client's loan more than one week before closing. Ben was thrilled. He thanked me profusely for recommending you as an option. He was very grateful to have no stress with getting the loan that they wanted. Especially, since the logistics of moving from another country are more stressful than a typical move.

I am so incredibly grateful to you for the peace of mind I have when I know that my clients will be using you. I know that you will leave no stone unturned and will give them the best service possible.

Sincerely,
