Dear Janine,

The In-depth knowledge you have of business and personal insurance lines has always been clear to me. That along with your upbeat, can do personality should have had me requesting a quote from you as soon as my agent left the industry. I am glad I finally did!

As my insurance costs crept up, and with no personal connection to speak to at my current insurance company, it was time to look for an update. Thank you for making the process so easy and for your professionalism and prompt response to my questions. Aside from being a pleasure to speak with, you have saved me over \$1,700 on my auto and home insurance!

I know you can't always save your clients money, but I have also witnessed time and again that you go the extra mile to make sure you are getting the absolute best result for your clients. I have referred you to friends and clients and would not hesitate to do so again.

Warmly,

Meredith Sims
