Dear Dr. Regis,

I cannot express enough gratitude and appreciation for the care that you and your team have shown me. The friendly atmosphere is highly contagious and has made me feel right at home from day 1.

I have been in recovery from my accident for a couple months now and as odd as it may sound, I am grateful that an accident led me to you and your team. When I arrived, my knee was out of place and my spine needed some serious adjustments. My knee is now back in place, my posture has improved substantially, and I have been able to sleep much better. The thought of going to a chiropractor was always terrifying to me but given how knowledgeable you are in your field and how comfortable you and your team made me, I now look forward to my next adjustments.

Your passion and dedication for the wellbeing of everyone who walks through your door is truly an inspiration. I am truly happy to be a part of the Transformation Wellness Team. Best wishes to you and your team!

Sincerely,
