

*Dear Holly,*

*It has been a true pleasure to work with you on my website project. I have really appreciated your responsiveness to all my questions and specific needs regarding the scope of the project. Your design and customization has been completely aligned with my mission, branding ideas and goals for the site. The content was fairly extensive, but you had a way of making it very manageable and helped clarify the most important elements to include.*

*I am thoroughly pleased with the end result! When you sent me the Owner's Manual for the website, I felt like you handed me keys to my new car! I am thankful for your expertise and look forward to working with you on the maintenance and hosting service side as well. I will absolutely recommend your services through Fresh Eggs Web Design and Marketing to others!!*

*May your business eggs always be ...sunny side up!!*

*Your Happy Client (and friend),*
