Endorsement Letter

Terisha Tatter
Massage Therapist
Sandy Springs, Georgia

I went to Terisha for a full body massage. There were several incidents of trauma to various parts of my anatomy in the past, which have caused some occasional onset of arthritis pain.

Terisha performed an excellent systematic course of treatment and as a result I left the appointment feeling as if there was never any trauma.

Terisha has an artistic method in performing the massage therapy, which made me feel very relaxed!

For these reasons I will recommend Terisha's service to everyone!

Thank you so much!!
Kindest regards,
Vicki Thompson-Miller
