

To whom it may concern:

After six years of being in business, I finally decided it was time for a new headshot and branding photos. I hired Renea with Renea Ash Photography and could not be happier with the results.

Renea is extremely detail-oriented. She made sure I understood the process from beginning to end and went as far as Facetiming with me to help me decide which outfits, jewelry and shoes I should wear. She booked a house for the photo shoot that included my branding colors on the interior, made a music playlist of music I like and even suggested make-up artists for me to use.

The day of the shoot, I remembered to bring all the props, but forgot every single outfit I was supposed to wear. Luckily, I was wearing an outfit with my branding colors and had one other shirt as a prop that would work. Renea ensured everything would work with what I had on hand, and it did.

I have never really liked photos of myself nor had that much fun at a photoshoot. Renea changed that for me. The level of professionalism and attention to detail she provides is above and beyond what I expected. And I would and will recommend her to everyone.
