Dear Michelle,

I am writing this endorsement letter and will be referring my clients and friends to Michelle Como and New Dawn Aromatics. Over the years, I have seen clients of mine self-medicate with alcohol, drugs, and other unhealthy forms of alternative treatment. Michelle, I am so grateful for the two amazing essential oils you created for my clients. Every client who experimented put the essential oils on at the beginning of the session and by the end of the session—they were less tense. They loved the different scents! I must admit...I indulged in the essential oils as well.

When I listened to your Info Minutes, I learned about your incredible passion for individuals with mental illness which was so uplifting and encouraging. As an expert in trauma, I can tell you understand the symptoms of mental illness and combined with your knowledge and education with oils results is another viable treatment to and/or in addition to prescription medication. I am grateful to you, Michelle!

Thank you for all you do, and best wishes for your continued success in adding value to people's lives.

Respectfully yours,
