RE: David LeBlanc, D & D Carpet Cleaning

David came out last week and cleaned our beige carpets in 3 rooms and a hallway that had stains and a lot of wear on them. With his 3 step process, the results were amazing and the whole house smelled clean!

The living room area was especially in need of work as there were drink stains and a lot of high-traffic areas that looked awful. The steps and hallway upstairs hadn't been cleaned in several years and he made those look brand new.

I would highly recommend David for anyone looking to get a really professional job done on time and with great results. He came in and moved the furniture, cleaned up and moved everything back where it belonged. David is very professional and will definitely impress you with his work.

Sincerely,
