Dear Carrie,

Certain things in life are dictated to us and one of those things is "old age" insurance, otherwise known as Medicare. But we do get to choose who we go to for insurance help.

Carrie, you are that perfect combination of knowledge, experience and trustworthiness.

Reading all the insurance paperwork and navigating an insurance website can be confusing and hard, but you made the difficult very easy.

You know the options and have the complete explanations of why I should or should not go with certain plans.

You had all the answers so I could make my decisions with confidence.

When you left after our meeting, I knew I had the best possible coverage plan.

Although I know a lot of people, I do not know anyone in the health insurance business with your high level of expertise and one who cares more about their clients.

I highly recommend you.

You are a true professional in health insurance.

Sincerely,

*Lonnie Anderson*
