To Whom it may concern,

For someone to say "nothing is certain but death and taxes" has not met North Fayetteville's vivacious, adventure seeking Tax Accountant Yvette D. Best.

Yvette, you are always looking to help other people grow into their personal and professional best.

Inviting Glendora Dvine of Dvine Systems, Ga did not result in her joining our team, but it did result in her and I partnering to help her clients improve their health and wellness and me becoming her Wellness Coordinator. Becoming a Wellness Coordinator with the Juice Plus Company was a business goal I set for myself a year ago and now it has happened because of Yvette. Thank you!

I wish you much continued success personally and professionally.

Kind Regards,

Sandi Horne
