Dear Lynn;

I wanted to say 'Thank You' for being the closing attorney for my wife and my recent home purchase. You made an intimidating process smooth and easy. At the closing you kept everything moving along efficiently and handled all the different personalities at the table professionally and calmly.

On top of the legal documents, signing, and answering of questions, you did this on a day when we were all frazzled due to just learning about the corona virus and none of us being sure what was happening next. That is being cool under fire!

Sincerely,

Erik Thompson
